COVID-19 vaccines.

Go to www.MadeToSave.org

You might be hesitant about getting vaccinated. That's understandable.

Today's COVID-19 vaccines, backed by advancements in modern science, are extremely safe and effective in protecting you and the people you care for. Consult with your physician or other trusted resources to make an informed decision and help improve the health and welfare of our communities.

Vaccines are free to all, ages 5 and up. No documentation or ID needed.

Find out where to go. Call **1-800-232-0233** or scan the QR code.
